Direct Renin Test (DREN)

@ ₹ 4,950/-

Significance

Direct Renin test measures the levels of renin in the blood. Renin is an enzyme produced by the kidneys. It is important for regulating blood pressure and fluid balance as well as helping diagnose conditions related to kidney functions and hypertension. The test is recommended in case of symptoms like persistent high blood pressure, frequent urination, changes in urine color and volume and swelling in legs, hands, or face, etc.
